## Life-Transforming Sessions.

### Featured Speaker

Lisa Cherry

Darkness and confusion have attacked our nation and our families like a flood.

As Christians, we feel the pressure. God is raising up another flood: a wave of His power and grace that prepares us to stand bold and live free! As a national author and speaker, Lisa's compassionate and yet penetrating message captivates all ages as they laugh and cry their way to hope and change.

## Heart-Healing Worship.

God is wooing His children back into His loving arms. Perversion, confusion, deception, brokenness or strife. None are a match for the King of Kings who is calling to His church: return to your first love!

Dennis' transparent testimony intertwined with His passionate worship will create an atmosphere where the Holy Spirit will heal hearts and inspire hope.
